Volume XXXII Number 1

Winter/Spring 2021

## PRESIDENTS LETTER FEB. 2021

Dear Alumnae, Family and Friends,

I pray that 2020 was kind to you and that 2021 started off on the right foot for you and your family.

In this newsletter I usually try to be positive about the upcoming year, and share all of our planned events. Since there is so much still unknown about this pandemic, and vaccines are just beginning to be available we are erring on the side of caution and holding off scheduling any of our events.

2020 was a turbulent year, filled with much hate and loss. I along with many of you, have lost loved ones as well. Some have been lost to accidents, poor health, and this pandemic. I don't want to dwell on the sadness or despair some feel, or the huge holes left in many of our families and hearts. Although I pray daily for anyone dealing with heartache, I choose to focus on how our loved one impacted, influenced, and inspired us to be better.

I pray that the rest of 2021 is a healing year. I pray that we will be able to gather, visit loved ones in nursing homes and hospitals during their time of need.

My husband reminds me that I always like to look for the good. So here is the good that I found in 2020 – love. I know it sounds a little crazy.

2020 taught me to love those around me a little bit more, as well as be kind and tolerant. When your love touches someone, it becomes compassion. All that we love deeply becomes a part of us forever. What we do is more important than what we say. Love is a combination of care, commitment, responsibility, respect and trust.

May this New Year bring with it an air of rightness, may it be filled with good memories, and love of family and friends.

Stay hopeful and healthy,  
Lori

## SPIRIT SALE 2021

Let me make a memory for you! I have a lot of ornaments made for almost any year, if you would like to purchase these. I also have masks and wristlets cut out and ready to be sewn, should you desire those also.

Thank you so much for your support in my fundraising during the past year. Smiles are the mainstay of my day and if I have made your day a little brighter with a memory, then you have definitely made my day all the more worthwhile. Please keep me in mind if you have any suggestions on what I can make for you to treasure. I have a couple of things that I am working on so I hope to have something new in the next newsletter. I have finally found someone who still makes our plaid material so I shall be creating into my golden years.

## What are the Sisters doing during the Pandemic?

Like everyone else, the pandemic has greatly affected the Sisters and our daily lives. We have adapted to wearing masks both when leaving the house and when others come into our homes. We wipe down packages and groceries. The good hygiene of washing hands has been reinforced.

Blessed with technology, we've been able to practice social distancing while staying connected and keeping up with adapted activities. We have joined others in attending meetings, Mass and social gatherings via Zoom. Some of us have even attended funerals via Zoom. Reaching out to others via phone or computer has taken on more importance these days, especially for our Sisters in Baptist Home and Presbyterian SeniorCare who have been in quarantine since March 2020. We miss being able to physically visit with them during this time, just like so many others.

The time has allowed for creative expressions of baking and cooking, coloring, needlework, and more. Puzzles have been a source of entertainment, as well as a nice exchange between convents and families. It is a delight to witness the formation of the 500 – 1000 pieces coming together and a beautiful picture appears.

The pandemic has afforded us more time for prayer and reflection. Our homes become mini-hermitages for us to enter into a deeper relationship with God and to bring into our awareness the needs of so many people and to hold them in our prayers and hearts.

We're looking forward to receiving our vaccines and being able to get out and about to see our Sisters, family and friends once again. In the meantime, we hold everyone in our prayers and hearts!

Sr. Althea Anne Spencer, O.S.F.

## Legacy Scholar Updates

My name is Sarah Wells, and I am a senior this year at Seton LaSalle Catholic High School. The Saint Francis Legacy Scholarship has greatly helped me and my family these past four years that I have been in high school. It has been especially helpful for my family since my brother, who graduated in 2019, was attending Seton LaSalle for my first two years of high school. With this scholarship, it was much easier for my parents to afford a Catholic education for two children.

I am so thankful that I was able to get a Catholic education, especially one at Seton LaSalle. Seton LaSalle has provided me with so many opportunities through academics as well as extracurricular activities. I discovered my passions during my time at Seton LaSalle, and the people there helped me to step out of my comfort zone and let those passions shine.

My passions especially shined for all to see during my senior year, despite being in a global pandemic. Besides taking the necessary precautions, such as wearing a mask and social distancing, I have found my own ways to “survive” the pandemic. As I quarantined at the beginning of 2020, I passed time by doing one of my favorite things: writing music. I discovered my love for writing songs the summer before my brother left for college, when I wrote him a song to express how much I was going to miss him. Ever since then, I’ve enjoyed writing songs, and being in quarantine gave me lots of time to think and write.

Besides writing original works, I’ve also kept myself busy by writing an arrangement for the Seton LaSalle Trebels. The Trebels is Seton LaSalle’s student-run a cappella group. I am so blessed to have the opportunity to be the leader of our group and write the arrangement for our competition set this year. Every year we normally travel to Ohio, where we compete in the International Championship for High School A Cappella against other a cappella groups. This year has been a bit more challenging than usual since we have to adjust to the circumstances and perform in a virtual competition, but I’m so excited that we still get to come together to hold practices and compete.

Whether the activity is virtual or in person, throughout my senior year, I’ve been able to do many things that I would normally do, such as attend school. For the last few years, I have volunteered at my grade school’s vacation bible school program in the summer. This year, I was asked to lead the music program virtually. This was a bit of a challenge since young kids sometimes have trouble staying attentive, but the religious education leader and I came up with a program that was fun and kept the children engaged. Each morning I set up my computer and logged on with about 15 children to teach them songs and dances that they were able to record so we could make a video performance. This experience was such a joy. Communicating faith teachings through song and seeing smiles on the children’s faces was incredible.

Another place where I got to see smiles was at Brookdale, where I performed with my high school band for nursing home residents at the beginning of the school year. It was so nice to see the joy in their faces, especially when I knew that that emotion wasn’t being brought out as much since the pandemic changed our world.

Music is my favorite way to connect with others, so after reading what I’ve written so far, I’m sure that you won’t be surprised when I tell you that I will be going to college to pursue my passion for music next year. I applied and got accepted into both Kent State University and Seton Hill University. I will be attending Seton Hill University with a granted \$94,000 scholarship, where I will be studying Commercial Music, which includes a focus in songwriting, performing, music technology, and music business. My goal is to bring joy to others by sharing my music with as many people as I can.

I wish that I could have seen everyone at the Tulip Luncheon in person to show my appreciation for Clare Rex and everyone on the scholarship committee. Thank you so much for helping me to get where I am today. No matter where I end up in the future, I will always remember how much you have helped me throughout my high school career. ~ Sarah Wells, SLS ‘21

I cannot thank the Saint Francis community enough for what they have done for me the past 4 years. From the first Tulip luncheon, I felt loved and cared about by everyone in the community. This scholarship gave me the opportunity to learn and further my faith at the high school level.

This school year has not been the easiest year, but Seton LaSalle has done a good job in keeping everyone healthy and in school. I had to miss a few days of school this year because I came in contact with someone who tested positive with the virus, but the school does a great job ensuring that distance learning students have the same learning opportunities of those who are in school. I was able to run cross country in the fall, and the entire team had a very successful and healthy season.

My plans for the future are to become a software engineer. I either want to enter a school of engineering or a school of computer science, depending on what college I attend. I have not made a decision on which college I am attending because I still have not received an admissions decision on some of the schools I applied to. I have been accepted into the engineering schools at University of Pittsburgh, Penn State University, University of Dayton, and Coastal Carolina University. Acceptance into these schools is a huge honor, and I am very thankful to Seton LaSalle for preparing me for my future endeavors. I am also very grateful for the confidence and trust that the Saint Francis Alumni community had in me those four years ago. I cannot thank you all enough for welcoming me into your community, and giving me the opportunity to excel at a Catholic High School. I wish you all the best, and I hope I made this beautiful and loving community proud! ~ Matthew Michaux, SLS ‘21

## CLASS NOTES

**1966:** On July 7, 2020, Susan Devon Smith '66 and her husband, Clifford Smith, became the proud grandparents of their new grandson, Kenneth Clifford Smith. He is the son of their son Ryan and his wife Jessica.

**1973:** There has never been a better time to live vicariously through another person than now. Linda L. L. Miller '73, has been travelling Western Australia since before the pandemic hit in her "Starship". Her Starship was named after a song sung by Lee Marvin titled "Wandrin' Star" and it is her theme song. What was to be an eight-month trip has turned into a seventeen-month trip. To quote Linda: "I love Australians, they are happy, artistic, and friendly people and they have embraced me. Mateship is important to them. I have made some life-long friends." Her pictures tell a beautiful story of camaraderie and personal experiences that will last forever. From Victoria to Esperance, Rockingham, Perth, Geraldton, Carnarvon and Horrocks (to name a few), the pictures depict a picturesque country that you would want to stay in forever. Although Australia is known for their bush fires, Linda was travelling during the period they now call the Black Summer, which burned more than 46 million acres between September of 2019 and March of 2020.

Linda's pictures include some of the macropods: kangaroos, wallabies, wallaroos and quokkas (although she hasn't met a quokka yet!). Other species indigenous to Australia include birds such as the Galah, Emu, Blackbird, Australian Pelican and the Black Swan. Some of Linda's favorite animals are the bobtail lizard and the lambs. Linda shared that she spent five months on a lamb farm during the lockdown, where she learned to talk lamb. As you can see, every animal that is pictured is up close and personal. I believe this might have something to do with her endearing smile and humble demeanor. I look forward to hearing her stories in person the next time we meet. You can follow Linda on Facebook at: Linda L. L. Miller. Wendy Hines Hayes '76

Do you have a personal experience that you would like to share with your fellow Alumnae? Please feel free to submit articles and pictures to Chris Ringling [cring768741@verizon.net](mailto:cring768741@verizon.net) or any of the SFA Alumnae Board members.

## SFA 2021 Membership Update

The **2021 Membership Campaign** is off to a good start as of 2-12-2021 we have **499** dues paying members which is more than half of last year's 2020 total of **825**.

The **SFA Alumnae Board** appreciate everyone's support during the **2021 Membership Campaign** which funds are used to keep the **SFA Alumnae** connected through our SFA Newsletters and all the events during the year. **2020** was a **challenging year** for our organization not having our wonderful events, Tulip Luncheon, Alumnae Mass, Vendor Show and Fall Bus Trip, so the Membership Campaign is very important this year. So thank you again for your support and all you do!
